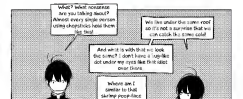
A DÉCALCOMANIE, RIGHT?

How can you both have these identical the same way?
You both have the cold at the same time. You look the same... Quick source looks after all



What? What nonsense are you talking about? Almost every single person sees physical look from to this!
We live under the same roof all the time + we both ran outside in the same cold!
And we it is with that we look the same? I don't have a cowlick dot under my eyes like first idiot over there!
Where am I similar to that clumsy moron over there?
What did you just call me?
